## **INTERACTIVE CULTURAL ART WORKSHOP**

The Art of Connection is a unique immersive experience encouraging all Australians to walk with the original custodians of this beautiful country. The night has been created to bring a greater understanding and appreciation of Aboriginal and Torres Strait Islander culture, history and knowledge through art wine and food.

We will explore the deep connection Indigenous people have with 'Country', and how the stories of our ancestors are passed down through generational sharing.

You will learn about tradition, the Dreaming, lore, and language from communities from the Tiwi's to Tasmania, Broome to Borroloola.

We are here to help create bespoke packages for your organisation; whether you are interested in one topic like Art or if your Reconciliation Action Plan requires something more specific.

Highly acclaimed Aboriginal artist, author and storyteller Wayne Quilliam will encourage group participation in a captivating live immersive experience accompanied by a 3-course dinner.

This is a masterpiece of authentic Aboriginal storytelling that will pass down significant truths in a progressive and inclusive insight into art, culture, and community.

Master storyteller, A.Professor Wayne Quilliam brings more than 30 years' experience of working and living in communities across Australia. His knowledge and connection to country is like no other as he shares the stories that have been passed to him by community.
